

Compatibility with Ledon A66 dimmable 12,5 W , Ledon B 35 opalized dimmable 5 W and Phillips Master LED 18 W

The serial number of your AKARI-DESIGN light will tell, if the usage of LED lamps will be possible unrestrainedly. The serial number will be find under the luminiere. KYOTO-FRAME, KYOTO-CASE, TOA und JOHN shows the number on the back side.

The serial number of your light isn't on this list? Best, you can use LED-lamps instead of in incandescent lamp without any issues.

If your luminiere is registerd on this exclusion list, please ask your sprecialized dealer or us to create a solution.
